

# Finials

Finials add a graceful finishing touch to any rooftop, turret or cupola, and keep things looking up as they bring the eye skyward and make a dramatic statement. Finials can also be used in the yard or garden as a topiary or decorative sculpture. Expert craftsmanship using the finest materials and design expertise ensure durability and years of enjoyment.

We are the only finial provider in the country selected by the esteemed Smithsonian Institution in Washington, D.C. Each finial is authorized to have the distinctive logo plaque applied to it.
